Re: Half Marks

Dear Judge,

As you will have seen, Half Marks are now being used on the continent.

Taking this into account, the BD Board of Directors agreed at their last meeting, that from the 1st December in line with the new rule book, that half marks may be used by judges in all competitions using FEI level tests (PSG – GP) including FEI U21 & Para tests. It is the judges choice whether they use half marks or not. All other national classes will remain the same.

If you have any questions please don't hesitate to contact the office.
