

## FAQS

# NORTHERN VOLUNTEERS

**What opportunities are there and who to contact?** There are so many opportunities available from stewarding or writing at shows to co-ordinating training days or marketing! Please contact Sarah or Lara Dyson to discuss further or receive a form so you can select areas you may be interested in helping us out with! We welcome help as the workload is getting bigger and bigger the more the region develops!

**How do I get involved?** Contact us and we will arrange to talk to you via phone or meet you at an event or competition where possible!

We are specifically looking for **news reporters!** To report around the region on various goings on. If you fancy writing an article for us about anything BD-wise please let us know. Various magazines are also interested in receiving news from us too! Any help much appreciated!

**Email address collectors!** Do you go to big events? Riding clubs / unaffiliated champs? Anywhere where there are people who may be interested to hear about the BD Northern region? If so we can send you a form to help us collect email addresses! Email is the most effective way of telling people about what we have to offer along with our regional page on the BD website.
