If you have always wanted to take part in Dressage to Music but don't know where to start, then this is the ideal clinic for you!

Steph has boundless enthusiasm and has had great success with her own Freestyles wowing the crowds in partnership with Mr. President.

Julie is a very successful freestyle choreographer and music producer. She produces music for all levels from prelim to Grand Prix with National and International riders amongst her client base. Started Equivisions in October 2010 and had 2 National champions in the 2011 winters. This year she has over 60 riders qualified for regional championships some in more than once class.

HOW DOES IT WORK?

Prior to the day

Once your booking is confirmed and payment received you will be asked to complete a form asking about details of your horse and your music preferences.

Advice on choosing suitable music for your horse is available if required

On the day – Work with international Grand Prix Rider Steph Croxford to design your floor pattern

Your floor plan will then be filmed and your horses beats per minute ascertained.

Followed by an unmounted session with Julie to choose your music from the very extensive (over 11000 tracks) database.

Ridden sessions including working in will take about 40 minutes followed by music selection session.

After the day

Within 10 days you will receive your Freestyle Pack which will include your dressage to music CD plus a copy, your Floor Plan and all BD paperwork required for you to compete in an affiliated dressage to music competition.

BD Members £130.00 / Non BD Members £140.00 payable to British Dressage.

Your chance to ride in this brand new purpose built 65x30 indoor arena with surface by Andrew Bowens

Places strictly limited so miss it – miss out!
