- **4/7/11 - OLYMPIC TEST EVENT, GREENWICH** - On Monday I, together with members of BD, BE and BS, was lucky enough to be at Greenwich for the test event and what an amazing day! The setting is just stunning, the sun glinted off the beautiful old buildings on one side of the river, and the glass and chrome of Canary Wharf on the other, whilst horses trotted down the centre line in a wonderful arena. We even had a boat going up the Thames, gliding as if up a street between the buildings as riders performed! The cross country is going to be breathtaking - up near the Observatory the riders will leap into space with the whole of London spread at their feet. As Simon Barnes said in his piece entitled 'Horses will make this beautiful bit of London lovelier than ever' in the Sunday Times "Piaffe and passage

will never have looked as good as when they are performed here with Olympic medals at stake". I couldn't agree more!

- **1/7/11 - PONY RIDERS RULE** Congratulations to not one, not two but THREE of our riders who have made it to the top in ponies! Well done to **Aimee Witkin** and **Ferrari** and **Gaby Lucas** with **Top Star** who make up half of the British Team travelling to Poland this summer for the Pony European Championships!! And well done also to **Bethany Rose Horobin** and **Gigolo** who are first reserves - what a brilliant result for the East - go girls
