Sarah has been appointed as Northern RDO for a year and is delighted to see the Northern region doing so well. The reason the Northern region is developing is due to the team effort – we are a very hard working region, we have fun and are open to ideas and suggestions to improve our region and sport.

Sarah lives in Markington, Harrogate close to the Yorkshire Riding Centre where she trained and completed her BHS II and also gained her Stable Managers certificate.

Heidi Hutchinson (Rider Training Rep) heidi.hutchinson@tesco.net 07967 446171

My priority as training Rep is to find out what members actually want, and to try to direct the training programme to suit. With the Northern region covering such a large area, it is a challenging role to include everybody, and training requirements and opportunities need to be identified throughout the Region. BD training must be accessible by all. The input of the members is vital to organise relevant training, and I would welcome all suggestions and ideas to make our training better.
