The weekend is packed with equestrian and social activities for both fun and education.

Workshops include:

Test Riding Video Analysis: Participants will have the opportunity to watch their test and gain an insight in to how and where marks are awarded in their tests.

Test Riding Debrief: The opportunity to have open discussion with a BD listed judge immediately after riding a test and pick up some vital test riding tips and hints!

Practical Workshops: These cover aspects of dressage training and management of the Dressage horse.

Lecture Demonstration: Participants will be involved in an interactive lecture demonstration based on the development of lateral work in the dressage arena. This demonstration will give a clear explanation of lateral movements through the levels, from leg yield, shoulder in, walk pirouettes, travers, half pass in trot, half pass in canter, canter pirouettes. Participants will go away with knowledge of the directives for each movement, aids and preparation for each movement and how the scales of training are relevant to all lateral movements.

Practice Judging: A group activity whereby participants will view a number of dressage tests (DVD) and have to match the relevant score sheets to the correct tests.
