

Chair of the Scotland Region Committee

British Dressage (Non-Executive)

British Dressage (BD) is the national governing body for the Olympic and Paralympic sport of dressage and a member of British Equestrian. With over 17,000 members and over 2,300 days of competition a year, BD aims to be the most respected and successful organisation for people passionate about dressage.

Our role is to develop the sport in the UK at all levels and enable riders of all abilities, from grassroots to the international stage, to fulfil their potential and achieve their goals, through a comprehensive range of training and competition opportunities.

Role Description

The role of the Regional Chair is to provide inspiring leadership at regional level for all of British Dressage's activities. Ideally the Regional Chair should be somebody with a strong interest in dressage, who has been actively involved within the sport as a judge, trainer, organiser, rider or owner. This person will bring a balanced approach to the implementation of policies agreed by the Board and technical committees.

The Chairman works closely with the Regional Development Officer to ensure that the Regional Committee functions effectively and maximises the potential of each area. The Chairman will encourage collective and collaborative working, helping to resolve any issues that may arise within the region.

Specific Responsibilities

The aim of the Regional Committee is to implement policy at regional level, as directed by the British Dressage Board and various Technical Committees. These policies and supporting activities will be principally relating to training (whether senior, para, youth or coaches) and judges. Where there is a policy question or issue that might need addressing this is communicated through the most appropriate channel to the relevant Technical Committee for resolution. The agreed policy is then cascaded down from the Board or Technical Committee to the regions for implementation by the Regional Committee and representatives responsible for co-ordinating each technical area.

This important role involves leading the committee of Regional Representatives and working closely with the Regional Development Officer to deliver BD activity, as agreed by the Technical Committees. You will enable members in your region to have access to good quality training, competitions and other supporting activities to help them get the most out of their sport. The Regional Chair will also help to ensure that their members' views and needs are represented throughout BD.

The Regional Chair position is appointed by the Board and reports into the BD Chairman and CEO.
