

Horse Registration Extension Terms & Conditions

02 March 2021, updated 08 March 2021

- ➔ All Full and Club horse registrations, where the owner is a current paid BD member with a valid membership as of midnight on 28 February 2021, will automatically receive a three month extension to the renewal date.
- ➔ Any category of horse registration due for renewal in March 2021 will also be eligible for the three month extension, providing that the renewal was completed before midnight on 28 March 2021.
- ➔ The concession is to cover the full months of January, February and March where all British Dressage organised training and competition activity was suspended due to the COVID-19 pandemic.
- ➔ All horse registrations that are eligible for the three month extension will have this period added automatically; no further action is required by the owner.
- ➔ Please allow up to 14 days for the horse registration renewal date to be amended on your membership profile. If this has not been updated by 6 April 2021, please contact the BD office.
- ➔ If the horse registration is subsequently cancelled for veterinary reasons and a refund request is submitted, the extra months will be deducted from any refunded amount.
- ➔ The three month extension period is ex-gratia and non-transferable; there is no cash alternative or refund option available.
