

Horse Registration Extension – Scotland, Wales and Islands

- ➔ All Full and Club horse registrations, where the owner is a current paid BD member with a valid membership and horse registration as of midnight on 31 March 2021, will automatically receive a one month extension to the renewal date.
- ➔ Any category of horse registration due for renewal in April 2021 will also be eligible for the one month extension, providing that the renewal was completed before midnight on 25 April 2021.
- ➔ The concession is to cover the full month of April where British Dressage competition and training activity was limited in Scotland, Wales and the islands due to COVID-19 restrictions.
- ➔ All horse registrations that are eligible for the month long extension will have this period added automatically; no further action is required by the owner.
- ➔ Please allow up to 14 days for the horse registration renewal date to be amended on your membership profile. If this has not been updated by 10 May 2021, please contact the BD office.
- ➔ If the horse registration is subsequently cancelled for veterinary reasons and a refund request is submitted, the extra month will be deducted from any refunded amount.
- ➔ The extension period is ex-gratia and non-transferable; there is no cash alternative or refund option available.
