

## British Dressage Para Dressage Competition Guide

Great Britain is world leading in Para-equestrian dressage. The competitions that we run have played a key role in our success to date and to be able to sustain our position as World Number One, we need the support of venues. Hopefully this guide will go some way to demystifying Para Dressage.

Although the number of classes may seem daunting to have running at one show, Para Shows are easy to run when you understand the process. As there are fewer Para riders than you may realise so you should try and run your Para Classes alongside able-bodied classes to make it viable for you. The Judges are always a minimum of List 4 for Bronze Shows and List 3 for the Silver and Gold Classes so you have a fair amount of scope to ask the Judge to also judge an able bodied class.

*Although the Para rules may seem quite complicated, it is the responsibility of the athletes to compete by the rules and the Para Judge to ensure that rules are adhered to and not the organiser.*

### Grading & Rider groups

As of January 2017 PARA Dressage has introduced new Grades and new dressage tests

| Para Grade) |
|-------------|
| Grade I     |
| Grade II    |
| Grade III   |
| Grade IV    |
| Grade V     |

PARA Dressage runs parallel to the competition structure of Bronze / Silver & Bronze

| Rider group | Eligibility   |
|-------------|---|
| Gold        | Only open to athletes with FEI classification   |
| Silver      | Open to athletes with either FEI or National classification who have not yet competed at a CPEDI <sub>3</sub> * in the last 4 years |
| Bronze      | Open to athletes with a classification who have not competed at CPEDI <sub>2</sub> * in the last 4 years                            |

## **Classification**

There are two types of Classification – National & FEI.

- National Classification is done through the RDA and allows Para riders the opportunity to compete in all BD Para competitions and also compete at a Bronze and Silver Championship. To compete at a Gold Championship a rider must have an FEI Classification.
- For national Classification please contact Felicity Towers at the BEF. [felicity.towers@bef.co.uk](mailto:felicity.towers@bef.co.uk)
- FEI Classification is International classification –FEI Classifications can only be carried out at CPEDI's (International Competitions) there are 2 dates per year at Home International shows (Hartpury and Bishop Burton). To apply for International classification contact the Para Officer – [Lianne.martin@britishdressage.co.uk](mailto:Lianne.martin@britishdressage.co.uk). Internationally classified riders can then ride at any level but also in Gold Championships and qualify for CPEDI.
- As the FEI no longer issue cards to riders, please find the link below to the Master Classification list.

### **Master Classification List**

- Riders with National Classification must carry their record with them in case of any query and it is the rider's responsibility to ensure their cards are correct and current and any dispensation aids are listed. Riders failing to submit their classification cards with their entry will have their entry rejected.

### **Tack for PARA Equestrian Competition.**

- Permitted tack is in accordance with FEI Para – Equestrian rules, adapted / modified tack or equipment must be approved on the riders FEI / RDA Classification letter.
- All riders can carry one whip even at a Championship. A rider can only carry two whips when it is listed on their Classification.
- If a Para rider is riding in a non-Para Championship they must when entering present their compensating letter to the organiser, this includes use of whip
- All grades may use double bridles and neck straps are permitted in all Para – Equestrian competitions.

It is the responsibility of the Para Judge or Stewards to ensure that all riders are competing using permitted tack and equipment.

### **2018 Tack Guide**

### **Visually Impaired riders**

- All visually impaired riders must wear a white arm band when warming up for their test.
- Where background music is being played and the rider requires a caller, it is permitted for the music to be turned off so that the rider may clearly hear the caller.

### **B1 – Grade IV .**

1. Before beginning the test, blind riders should be provided with the opportunity by the Judge to ride a circuit of the arena on both reins, including one change of rein. If the bell for the start has not rung, the rider may halt or continue at any pace inside the arena. When the signal to start the test is given the rider may start the test from inside or outside the arena.

2. Callers are permitted for riders who are classified as B1 Grade IV.

3. Riders may have up to nine callers, with the senior caller communicating with the Judge at c. Only one caller is allowed inside the arena; others must stand outside, and must make sure they do not restrict the vision of the

judges. The rider is also allowed a commander in addition to callers if stated on their classification card. All riders who use callers may be requested to compete at the beginning or end of a class to avoid disruption to other competitors.

## **B2 – Grade V**

Those riders who are visually impaired and classified as Grade V may use their own large letters (which they should liaise with the organiser prior to the competition) if they wish but will be required to compete at the start or the end of the class. Riders wishing to do this must inform the organiser and are responsible for providing their own large or taller markers. Riders with a B2 profile may also have a caller inside the arena or use callers at letter markers in accordance with FEI rules.

## **Horses used for PARA – Equestrian competitions**

- Horses competed by Grade I, II and III riders may be ridden by a designated rider other than the competitor for up to 30 minutes on the day of the competition, but may only be ridden by the competitor in the 15 minutes preceding the test. The amount of time ridden by the designated rider, regardless of how many Para riders or tests the horse is doing on that day is 30 minutes, it is not 30 minutes per test.
- Any person riding the horse other than the competitor must be identifiable with a tabard or armband.

### **PARA Pick your own (PYO) Classes**

As an additional opportunity to compete and gain points towards qualification, Para PYO's have been added to the Para calendar – they will run alongside able-bodied classes at venues around the country – keep an eye on the Para calendar to see dates that have been added. Only PARA specific PYO's can be used towards qualification and BD regular classes from PYO and above do not count unless it specifically states that they are PARA PYO.

## Schedules & Fixtures

Fixtures meetings will be arranged by your RDO, you will be asked to submit PARA dates in the same way as your normal BD dates.

- Organisers to request Para dates at the same time as normal BD fixtures for next set of qualifying periods.
- Organiser must input Para in the 'Show name' so it can be clearly seen.
- E.g. ABC Equestrian – Regular + (I-GP) + Para
- RDO's will look at each region and cross regional clashes prior to confirming dates.
- If clashes are apparent, the RDO will liaise with the RDO / Organiser to find an alternative date.
- RDO is then responsible for confirming all Para dates with the venues alongside normal BD fixtures.

Once your dates have been confirmed, you will input your schedules. (The input codes for the classes are noted in PARA Equestrian Dressage test section) In total there is 20 different classes that have to be advertised, however in reality you will only get a handful of riders in each grade and sometimes none at all, so please don't be put off at the way the schedule is laid out.

If you would like to host Para competitions then please liaise with your local RDO.

## Organiser's Helpful Tips

- Ensure you have enough staff on site to assist on moving arenas from short to long and where possible run long arena first, followed by short arena.
- Map your short arena out within your long arena and turn markers around until needed (this is dependant if you are only using one arena)
- Ensure you have the right tests, Only use the noted tests above.
- All Dressage tests can be downloaded from the [BD website \(PARA Intro\)](#) or [FEI website](#)
- If you are running alongside an able bodied day ensure that your able bodied riders are aware that they are warming up with disabled riders or use a separate warm up area. This is especially the case for Grade I-III.
- Does your venue have access to a disabled toilet? If you do not have a toilet that is accessible for a wheelchair you should only run classes for Grade IV & V
- Does your venue have access to a mounting block? A rider requiring a mounting block should provide their own but it is helpful if they can have access to one at the venue.
- Start your PARA classes in the afternoon to allow riders to warm up. It is advisable to allow the Grade V riders to go first giving time to less able rider's time to prepare.
- Allow approx. 8 minutes per test
- Ensure that your secretaries / entries area is on the ground floor or has disabled access
- Access to refreshments as most do travel a good distance due to the fewer qualification opportunities.
- It is fine to host PARA competitions outdoors, just ensure that there is safe surroundings (no loose horses in the field next door etc)
