

Accredited & Recognised Coaches

BD is passionately committed to providing opportunities for coaches to develop, increase their skills and excel wherever or whoever they are coaching. By encouraging the development of skilled, knowledgeable and up to date coaches we can give riders the best support to enjoy their dressage and reach their own personal goals. Choosing a coach is individual to each rider, but we hope the information below will help you find a coach that is right for you.

Accredited Coaches

BD Accredited Coaches have a UKCC Level 3 dressage qualification and were assessed by BD assessors. They have shown a good knowledge of modern coaching skills and sound technical knowledge of dressage up to and including Advanced Medium level. They have an up to date first aid qualification, have attended a child protection course and have appropriate insurance. They are required to keep their skills up to date with training every year. Accredited Coach status may also be granted to a very experienced coach who is a member of the International Dressage Trainers Club and has trained at least one combination to international small tour level. They will also have an up to date first aid qualification, have attended a child protection course and have appropriate insurance.

Recognised Coaches

BD Recognised Coaches have a UKCC Level 2 dressage qualification, or a UKCC qualification from another relevant equestrian discipline (ie Eventing). They have shown a good basic knowledge of modern coaching skills and have shown sound technical knowledge of dressage up to Elementary level. They have an up to date first aid qualification, have attended a child protection course and have appropriate insurance. They are required to keep their skills up to date with training every year.
